Welcome to ALL

A Message from Our President

On behalf of our Board of Directors, welcome to the Academy for Lifelong Learning of Cape Cod! For over 37 years, ALL has offered quality enrichment and educational courses for those 50 and over, along with special and social events. If you are new to the Cape, it's a great way to meet new people. If you are a current member or just discovering us, I hope you will be impressed with our extensive catalog of courses.

A big thank you for the time and effort of the curriculum committee, coordinators, registration committee, office administrator Cynthia Jayne, our Board of Directors, and all the volunteers who work so hard to make ALL a success! As Albert Einstein once remarked, "Commit yourself to lifelong learning. The most valuable asset you will ever have is your mind and what you put into it."

Paul Coteus, *President*

About the Academy for Lifelong Learning

The Academy for Lifelong Learning (ALL) offers its members the opportunity to pursue educational interests and to expand social relationships. Volunteerism is critical to ALL's ongoing success. Members are encouraged to become class coordinators (teachers), participate on committees, work on administrative activities, or just participate in any of ALL's activities and functions. The opportunity for social interaction is an important aspect of ALL. In addition to courses, ALL offers social activities and special events such as lectures, occasional trips, theater productions and museum visits. ALL standing committees are responsible for the day-to-day operations, both social and educational. Most of the real work ensuring the smooth running of ALL takes place through the activities of volunteer committees. Please consider volunteering for one of these committees:

Curriculum: Recruits coordinators, develops class schedules and publishes the catalog.

Nominating: Identifies and solicits candidates for the board of directors.

Long-Range Planning: Addresses the future needs of the Academy.

Special Events: Plans and organizes lectures and outside events throughout the year.

Policies and Procedures: Maintains policies and procedures in accordance with ALL bylaws.

Hospitality: Plans and organizes social events for the membership.

Finance: Oversees the financial aspects of ALL, working with the treasurer.

Communications: Informs members about events, programs via ALL's newsletter and website.

Registration: Processes applications, collects membership fees and confirms class enrollment.

Membership: Recruits new members; assists chairs in determining interests of membership.

The Registration Process

Course Selection

ALL offers traditional in-person classes, remote Zoom classes and hybrid classes. Hybrid classes allow a coordinator to teach both in-person and remote members at the same time using our new DTEN technology. Course numbers include a suffix which signifies the type of learning experience you are requesting.

C=Classroom (in-person)

Z=Zoom (remote)

HC=Hybrid Classroom (in-person hybrid)

HZ=Hybrid Zoom (remote hybrid)

As classroom space is limited, HZ class members are not permitted to attend in person unless prearranged with the coordinator. If you wish to attend a hybrid class, please enter your preferred location with your preferred courses and the other location as one of your alternates.

A consolidated list of courses, arranged by day and time, appears on the pages following the course descriptions in this catalog. This list is also posted on our website, www.capecodall.org. Please complete the course selection area of the registration form using each course number, name, day and time. Each semester, a member can select up to four 6-week classes, two 12-week classes, or one 12-week and two 6-week classes. Class sizes may vary, so it is important to list alternatives in case your first-choice classes are filled. If no alternatives are listed and your first-choice classes are full, it will be assumed that none are desired, and your payment will be refunded after all registrations are processed.

Membership Fees

The membership fee, \$125 per person, is paid for each semester in which a member chooses to take courses. There is a \$5 handling fee for online payment. The fee covers membership in ALL including any combination of courses as described above plus other educational and social activities, though some events may involve an additional charge. Once enrolled, members remain on our records for another year and will continue to receive communications. In keeping with the purpose of ALL, there may be circumstances where ALL grants free membership to applicants in financial need. Application for this assistance is made via a letter to the president of ALL, and all such information is kept strictly confidential. Courses with low enrollments may be cancelled outright. Those who registered for these courses may enroll in other courses, based on space available, or receive a refund. Refunds of membership fees (not handling fees) are available only through the first week of class, except in special circumstances, and will be issued after the class registration process is completed. Note: Course coordinators are not paid and are not subject to the membership fee.

Registration

There are two ways to register for courses and pay your membership fee:

- 1. By mail.** Mail your completed registration form and signed check, if required, to: Academy for Lifelong Learning of Cape Cod, Inc., Cape Cod Community College, 2240 Iyannough Road, West Barnstable, MA 02668-1599.
- 2. Online.** Email a copy of your registration form to allccregister@gmail.com and pay \$130 by credit card online at www.capecodall.org/registration. Important: Please do not list desired courses on the payment form. You must submit a registration form as well. Make a copy for your records.

Registration processing begins Monday, January 13th. All members will have an equal chance of getting their course choices if their completed registration forms with payments are received by Friday, January 10th. Registrations received after that date will be processed daily, once the original group has been processed. To ensure a fair assignment of courses, ALL uses a random selection process. No preference will be given to early postmarks or online payments. Incomplete information or documentation may delay the processing of your registration.

Complete and accurate phone and email contact information is important! We will contact you if none of your selected or alternate courses is available or if your payment is missing or unsigned. You will receive course enrollment confirmations by email. That is also how the coordinator will contact you with class information.

Throughout the registration process and the semester, a list of courses with space available will be posted on the ALL website, www.capecodall.org. Please watch your email to take advantage of these opportunities to add classes with openings to your schedule as the semester begins.

Withdrawals

If you are unable to attend a course after receiving your course confirmation, please leave a message or email so we may add the seat back into our inventory. If you begin a course and find that you will not continue to attend, please notify the ALL office as well as the coordinator. There may be circumstances where one or more coordinators need to temporarily cancel a class session, in which case they will make reasonable efforts to reschedule that class.

Questions?

Contact the ALL office if you have any questions or need help with registration. We are glad to help. Email: lifelonglearning@capecod.edu or call: 774-330-4400. Office hours: Monday – Friday, 9:00 a.m. – 3:00 p.m.

Class locations

In-person classes: Classrooms are located in rooms C-106 and C-115 on the mezzanine level of the Grossman Commons Building #7. The Art Studios are on the lower level of the Tilden Arts Center Building #1. The Media Center is located in the Wilkens Library Building #3. The Life Fitness Center is in Building #10.

Zoom or hybrid classes: If you are unfamiliar with using Zoom, we recommend viewing a YouTube video entitled “Joining a Zoom Call for the First Time; Fun and Easy Online Connection.” To ensure each class goes smoothly for all involved, remember to conduct yourselves as you would if you were all in the same room.

From the Curriculum Committee

We owe a debt of gratitude to our volunteer coordinators who continue to inspire us with their knowledge, commitment, and desire to share their skills and talents with us. We encourage those of you with a special interest of your own to share it with us in the coming semester. We look forward to learning together.

ALL Curriculum Committee: Erika Beasley, Denise Benjamin, Miriam Kronish, Tim Maguire, Roger Shoemaker, Henry Tamzarian (Chair)

Note: Keep in mind that the views and opinions expressed in classes are those of our coordinators and their guest speakers and may, on occasion, be controversial. ALL members and coordinators should strive to create a positive and inclusive learning environment free from prejudiced, hostile or hurtful discussions.

Share a lifetime of learning – consider teaching a course next semester!

We strive to offer a variety of learning opportunities for adults. If you have a special skill, vocation or expertise in a field that you would like to share with our community, we invite you to propose a 12-week or 6-week course for next semester. Coordinating a course offers an opportunity to meaningfully engage with like-minded peers, and to keep your mind active and engaged. Please include the following:

Course description (50-75 words). Please describe your course and briefly discuss what you expect to accomplish in class. List any readings, materials, videos, etc. that you intend to use. Explain the format of the course: mostly lecture, lecture and discussion, mostly class discussion and/or other teaching formats you will use in this class.

Bio (30-40 words). Please list your qualifications including any degrees, educational background and interests that relate directly to this course. Include any relevant information that shows your mastery of the subject and your passion for the topic.

Contact the ALL office at lifelonglearning@capecod.edu or 774-330-4400 if you are interested in exploring this wonderful opportunity. The Curriculum Committee will begin scheduling courses in March for the fall 2025 semester. Please contact the office if you need help submitting courses.

Important College Information

Holidays: If the college is closed for holidays, ALL is also closed. See the holidays listed on the Academic Calendar page at the beginning of this catalog.

College closing or delay caused by weather will usually be announced on the radio and TV, and on the college's website www.capecod.edu. If the college announces a delayed opening time due to inclement weather, ALL classes that are scheduled to start before that time are canceled.

Great Decisions is a world affairs discussion program designed by the Foreign Policy Association (fpa.org). Each year, the FPA chooses eight topics to discuss, and produces print and video materials to provide the background for these discussions. Topics for 2025 are: American Foreign Policy at a Crossroads; US Changing Leadership of the World Economy; US-China Relations; India: Between China, the West, and the Global South; International Cooperation on Climate Change; The Future of NATO and European Security; AI and American National Security; and American Foreign Policy in the Middle East: Taking Stock and Looking Ahead. This will be a discussion class. Participants are invited to share insights, additional readings, knowledge and opinions on each of the topics discussed. We will begin each class by viewing an informational video. Text for the course is the *Great Decisions 2025 Briefing Book*, which can be ordered from FPA.org for \$35.00. Class members will write about something they have not previously written about, creating a memoir sort of story they would like to share with their families or others.

Coordinator: June Calender. June has been teaching writing courses at ALL for over 10 years and her approach has varied. She has edited the ALL anthology *Reflections* for several years. **The American Revolution:
A Different Perspective**

Monday 10:30AM - 11:50AM
First 6 Weeks 27-Jan

ALL1382-C
Grossman 106
Limit: 25

The Declaration of Independence did not obtain freedom from Great Britain. Eight years of grueling warfare did.

Those we esteem as the Founding Fathers were men who achieved political renown. Yet, were it not for those who faced death in the earliest days of the Revolution, the soldiers in the field and the spies who informed them, the Declaration of Independence would have been meaningless. This course will consider forgotten heroes of the American Revolution. Assignment for the first class: Google the Founding Fathers to see how many were non-politicians; without googling, name five generals (apart from Washington) in the Continental Army and two generals in the state militias; and state when the American Revolution ended.

Coordinator: Janet Uhlar. Janet is the author of two books on forgotten heroes of the American Revolution. Her research has uncovered actions previously omitted, which played a pivotal role in the war. For 20 years, Janet has spoken extensively and to a wide variety of audiences, including National Historical Parks and other national conferences.

The Glorious American Essay

Monday 10:30AM - 11:50AM

This semester, we will be discussing essays from the book *The Glorious American Essay*, edited by Phillip Lopate. The discussion of the essays revolves around considering the time period in which they were published, as well as their continued relevance to today. Many of the essays are by writers you know, from the 18th century up to the 21st. Class members are encouraged to summarize an essay of their choice, describe the background of its author, and ask questions of the group for discussion. Two essays will be discussed each week. Please purchase the essay anthology *The Glorious American Essay*, edited by Phillip Lopate, Anchor Books, available from Amazon or other book sellers. We will email the class a few weeks before the class begins with the two essays for week one.

Coordinators: Brett Burgess, Deborah Titolo. Brett has been taking ALL classes for three years. He is a passionate reader, especially of the classics, and loves to discuss all genres of literature, including essays. Deborah is a retired high school librarian who has co-led numerous classes in global literature at her local ALL. We are going to go on a journey to explore the wonders of bourbon – because no good story ever started with a salad! There will be a deep dive into the story of bourbon: what makes bourbon unique; an overview of the history of America's national spirit; a look at the science of distillation and aging; and some tips for sensory and aroma recognition, and what those descriptors mean. We will also take a look at Kentucky's "heritage" brands and the new wave of craft distillers. Finally, there will be an optional opportunity to build a virtual flight of three bourbons based on what you have learned in this course. No prior knowledge is required.

Coordinator: Ron Fernandes. Ron is a highly-regarded consultant in the wine and spirits industry. He loves sharing his industry knowledge in a relaxed and humorous way to vanquish the unnecessary aura and mystique that can surround both wine and spirits.

12 Weeks 28-Jan

ALL1420-Z

Zoom

Limit: 20

The new administration has raised a question many of us never thought we'd be asking: Is our democracy in danger? The good news is: There are several exit ramps off the road to authoritarianism. Drawing from decades of research by Harvard Professors Steven Levitsky and Daniel Ziblatt, we will learn how some democracies die, but others under similar circumstances survive and thrive. What was the difference? How were some countries able to keep their guardrails in place? We will delve into two books written by the researchers, *How Democracies Die* and *Tyranny of the Minority* and, through discussion, find out. Each week, we will read 30-40 pages. Five questions will be posted per week for class focus and discussion. Prior to the first class, please read the introduction to *How Democracies Die*, pages 1-10.

Natural History of Cape Cod Kettle Ponds ALL1418-HC

Tuesday 10:30AM - 11:50AM

First 6 Weeks 28-Jan

Grossman 115

Limit: 20

Cape Cod hosts 900 kettle ponds, each created in a second by ice falling off a vast glacier 20,000 years ago. The wildlife, waterfowl, geology and lake science is complex and fascinating. We will use Steve Waller's book, *A Moving Meditation*, UMass Press, 2023, as background and to guide our dialogue on the topics that kettle ponds richly illustrate: how kettle pond geology on a glacial moraine was "created in a single moment"; intractable Cape Cod water issues; river herring, counting and protection; springtime and vegetation on a kettle pond; the value of canoe paddling on a kettle pond; and wildlife and waterfowl. Participants are encouraged to read Chapter 1 prior to the first class. Other readings will be assigned for subsequent classes. *A Moving Meditation* is available on the UMass website at a 20% discount using the code UMASS20 (cost about \$20).

Coordinators: Stephen Waller, Jane B. Ward. Steve is a retired Air Force ophthalmologist and medical school professor. He has lived on Long Pond in Centerville and its herring run since 2017, where he became fascinated with herring migration and kettle pond geology, botany, birds and wildlife. The peaceful nature of canoe trips on the Pond reminds him of walking meditation, so he wrote a book about all this in 2023: *A Moving Meditation*. Jane is a retired USAF physician and lifelong educator. She is currently an adjunct assistant professor at the Uniformed Services University medical school. She was the program director for the USAF ophthalmology residency. Since retiring from the USAF, Jane has been a community and

In the '60s, it seemed as though everything was up for grabs: gender roles, racial justice, respect for law, order, faith and country. Some theologians said God was dead; others insisted He was very much alive – and royally pissed. Prayer in school was banned; abortion was legalized – and the American Right woke up. The recent election sets this era in a clarifying light: what was accomplished and what festered for 60 years to blow up in our faces. During the course, we will have lots of discussion and reminiscence as we review the era and look at different developments that have shaped our future for over a half-century. This course will be repeated in the second six-week session.

This course will serve as an introduction to the challenges to clean water on Cape Cod. We will focus on our freshwater ponds and lakes and introduce strategies that remediate the high nutrient loads from our septic systems and cesspools. We are saddened every summer by the many ponds rated unsafe for recreation as they grow "harmful algae blooms." We will learn about strategies that can restore the health of our water: "ecological" strategies, the cost and timeline comparisons between sewer expansion, innovative-alternative septic systems, and eco-sanitation options. We will use a variety of read-ahead short articles, brief PowerPoint introductions to each class, plus video clips. We will share websites and resources for further study.

Plato's Republic

Thursday 3:00PM - 4:20PM
12 Weeks 30-Jan

ALL1400-C
Grossman 115
Limit: 25

Plato's Republic is his best-known work. In this dialogue, Socrates (Plato's teacher and inspiration) tries to imagine an ideal, perfectly just society ruled by selfless philosophers. Can such a society exist? Would its citizens be truly happy? Socrates and his companions discuss a wide range of topics, including: human nature, knowledge and belief, illusion and reality, wealth and poverty, marriage and gender relations, democracy and tyranny, nepotism and succession, education and corruption, living in a simulation, and the magic ring that makes its wearer invisible. The questions and arguments they raise are just as gripping today as they were in the Athens of 380 BC. Like the dialogue itself, our classes will be about half lecture and half discussion. The recommended text for this course is Hackett's Grube and Reeve edition, *Plato: Republic*. Penguin's Lee and Lane edition is also very good, as is Benjamin Jowett's classic translation in old-fashioned English.

Coordinator: Theodore Everett. Ted is Professor Emeritus at SUNY Geneseo, where he taught philosophy for 25 years before retiring with his wife to Brewster. He misses teaching but not grading papers. This will be his first course at ALL.

Learning to Fish Cape Cod and Beaches ALL1305-C
 Thursday 3:00PM - 4:20PM Grossman 106
 Second 6 Weeks 20-Mar Limit: 25

Recent surveys have shown that more people fish worldwide than those who play golf and tennis combined. Women now represent the largest growth segment in recreational fishing. What better way to further embrace this beautiful place we live by getting on the water or walking the beaches, meeting new friends and catching dinner? Whether you are a beginner or seasoned beach or boat angler, this course will provide the fishing basics, affordable techniques and skills to participate in this great pastime. Learning where, when and how to fish can be as much about the adventure as it is about the fish. This includes understanding fishing gear types, best fishing times, tides, baits/lures and locations throughout the season. Course material and discussions will focus on the combined experience base of the participants to ensure course objectives are met for all. Some of the Cape's best captains will also join in sharing their expertise in fly fishing, surf/beach fishing and tuna fishing.

Coordinator: Steve Leary. Steve is a licensed US Coast Guard Charter Boat Captain and owner of Wingman Sportfishing Charters operating out of Barnstable Harbor. He has fished Cape Cod waters for over 30 years and has authored a number of articles for *My Fishing Cape Cod*. He gives seminars on Fishing Cape Cod Bay at the New England Boat Shows.
